

The Anniversary Fund

To **honor** 50 years of service to language professionals

Attendance at a CSCTFL conference assures teachers of high-quality professional development and supportive, energizing collegial interaction. The FUND will make this opportunity available to more teachers by providing a grant for teachers to attend future conferences.

This is a chance to “give-back” to our profession as well as contribute to its future. The donation of even one dollar will aid this initiative, but feel free to be as generous as you wish.

Make a donation when you register for the conference!

The Anniversary Reception

To **celebrate** 50 years of professional collaboration

On Friday, March 9 there will be a *party* full of activities and a few *Surprises*.

We will *toast* CSCTFL - to past and future successes, share light hors d'oeuvres, and *enjoy* each others' company in a relaxed atmosphere.

We have plans for a contest or two, prizes, a few guest appearances (some in person, some via images from the past), perhaps a special cake, maybe a game, and more - activities to recognize this auspicious anniversary and have a good time together!

You are invited! Don't miss the fun!

Sign up for the reception when you complete the conference registration form.
